

Amendment to the Specification:

Please replace the paragraph beginning at p. 23, line 10 of the originally filed specification and as amended in the amendment filed June 4, 2008, with the following replacement paragraph:

-- While the present invention has been described in detail and pictorially in the accompanying drawings it is not limited to such details since many changes and modifications recognizable to those of ordinary skill in the art may be made to the invention without departing from the spirit and the scope thereof. ~~Additionally, the methods and features relating to the control of distributing a digital asset in a mobile environment may be implemented in one or more computer program products which may include one or more computer readable media storing program code.--~~
